

Friends of Knolls Wood

The volunteer team meets four times a year, on a Sunday for up to three hours of woodland conservation work (tea break included!). This year we made room for biodiversity to thrive, we learnt how to lay a traditional hedgerow and kept our Victorian grass avenue looking fresh.

Thanks Pierre, our Greensand Trust Ranger this last year, who saw the potential in the group and the wood and achieved great things.

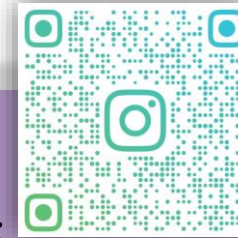

We wish him well in his next challenge and look forward to meeting our new ranger, Dave, soon.

<https://knollswood.teemill.com>

Teemill make products from natural materials, using renewable energy, and print products on-demand, creating efficiencies that, when reinvested, make sustainability an affordable, accessible reality.

Each item is designed to be sent back when worn out, and new products are made from the material that's recovered.

With plastic-free packaging and tree planting this is the way to shop.

We are very excited to launch our MERCH SHOP!

We have some pieces for children, adults and your home, including some themed specially for the upcoming spooky season and our special fungi walk with Fight for Wildlife. Scan the QR code or go to knollswood.teemill.com to see the whole range.
